

SPECIFICATIONS

Product	SCV4
Part #	FSL-4
MSRP	\$109.95
Fits	All handguns with .70 inches Picatinny rail system
Power Output	650NM, 5MW, Class IIIA
Programmable	Dual mode, constant on, pulse mode
Body Housing:	55% glass filled nylon outer for durability

Made with a durable 55% glass-filled nylon body for long-term durability with an inner aluminum core that keeps the laser accurate at all times. The new no-slag, contoured lines allow the user to quickly draw and holster without catching, and with less bulk, reduces printing in concealed carry situations. The new V4 laser with its slimmer, smaller form blends into the gun form yet is easily activated by the user at just a touch of the finger.

Interior Material:	6061 aluminum core for reliability
Run Time	Actual usage 5 hrs constant on, 10 hrs pulse mode
Batteries	4 x 392
Range	500 yards at night
Weight:	.75 ounces/0.021 kg
Length:	1.11 inches/2.8 cm
Width:	1.08 inches/ 2.74 cm
Height:	.76 inches/1.93 cm

The V4 laser is easily mounted on a .70 inch Picatinny rail with a crossbar screw. An auto-off feature prevents accidental activation of the laser and prevents unnecessary battery depletion. The V4 laser is ambidextrous.
