LaserLyte is proud to announce the MBS Six Pak accessory kit for its Mini Laser Bore Sight line. Built to give the user everything needed to sight-in, the MBS Six Pak includes a scope/gun leveler, 12-393 batteries, 12-20 gauge shotgun adapter (works only with MBS-1), .51-.75 caliber bore adapter, extra .22-.50 caliber tool kit, daylight target and a durable polymer case to hold everything in.

More than \$65.00 worth of accessories are packed into this kit that retails for just \$29.95. The polymer case also has molded locations for extra tools, including the LaserLyte .22-.50 Mini Laser Bore Sight and .17-.22 Mini Laser Bore Sight (both not included).

With LaserLyte's Mini Laser Bore Sight the MBS Six Pak allows the user to level a rifle or shotgun, level the cross hairs on a rifle/shotgun, sight-in the firearm and even check it in the field after traveling or dropping the weapon. This is the ultimate kit for function, convenience and affordability.
