

SPECIFICATIONS

TLB-RT

Battery Life 6,000 Shots

Batteries 3 x AAA

Range of Usage 50 Yards

Length 1.30 inches / 33.43mm

Width 3.00 inches / 75.96mm

Height 3.74 inches / 95.00mm

Weight 4.25 oz. / 119 gr.

LT-TTC

Weight 10.4 ounces / 295 gr.

LT-PRO

Length 2.1 inches

Min Diameter .28 inches

Max Diameter .5 inch

Run Time 3,000 shots on 3 x 377 batteries

Activation Sound of striker or hammer

LaserLyte® has combined their most popular laser training tools to create a one-stop system of entry level laser training with everything necessary in one package. The Training Tyme Kit includes the LaserLyte® Trigger Tyme Compact Pistol and the LT-PRO universal pistol laser trainer and a Reaction Tyme Target to register hits. The Training Tyme Kit provides a \$40.00 savings over the same products sold separately.

The Trigger Tyme Compact Pistol is similar in size to the S&W® Shield™ and the Springfield Armory® XD-S™ single stack 9mm pistols. The 5.5 lb. approximate simulated trigger pull has a take-up and break action just like a real firearm but the LaserLyte® Trigger Tyme pistols cannot accept or fire real ammunition.

The LaserLyte® LT-PRO works with a sound activated switch that indicates where the bullet impacts with a red laser dot. It extends no more than .25 inches from the muzzle of the Trigger Tyme pistol thus allowing for training from a holster, concealment or close quarters.

The LaserLyte® Reaction Tyme Laser Target comes with one (1) target for focused training scenarios. The interactive system works in two modes; reaction and training. The reaction mode features random LED signals in intervals of three to seven seconds. When a hit is made the target celebrates with two beeps and a LED flash. The training mode allows the user to practice trigger control and accuracy with an always-on and ready-to-be-shot mode. When a hit is made, the target sounds two beeps and the LED flash.

The LaserLyte® Training Tyme Kit is the perfect training kit for classrooms, new shooters and individuals interested in honing their presentation, holstering and trigger skills.
