

Puts Predators on the Spot

THE NEW FSL LASER SIGHTING SYSTEM

Our new FSL combines pinpoint accuracy with the ability to transfer it to the gun of your choice in seconds, be it handgun, shotgun, rifle or carbine. Built from aerospace grade aluminum for maximum strength, precision and durability, the FSL includes a pulsing low battery indicator for an extra 2.5 hours of target acquisition, giving you up to 4 hours of use.

- Attaches To Any Rail Mount or Picatinny Rail
- Weighs Less Than One Ounce With Batteries
- Push-Button Activation Switch
- 650nm Hi-Definition Beam

MODEL# FSL-0650-140

MSRP: \$149.95
